## PROFESSIONAL SUMMARY

Creative and detail-oriented Frontend Developer with hands-on experience building responsive, user-friendly web applications using React.js, JavaScript, HTML5, and CSS3. Experienced in Android development and graphic design, with a strong Computer Science foundation and a passion for engineering high-performance digital experiences that solve real-world problems.

## TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6+), React.js, Responsive Web Design, UI/UX Principles

**Mobile Development:** Android Development (Java/Kotlin), Mobile App Design

**Design Tools:** Graphic Design, Adobe Suite (Design Principles), Wireframing & Prototyping

**Other:** Git, Version Control, Cross-Browser Compatibility, Performance Optimization, REST APIs

## EXPERIENCE

### BrainyBeam Technologies Pvt. Ltd.

Ahmedabad, Gujarat, India

#### Android Development Intern

May 2025 – July 2025

- Completed an intensive 6-week Android Development internship, gaining hands-on experience in mobile app design, architecture, and coding using Android SDK.
- Designed and developed functional Android application prototypes, applying core concepts of mobile UI/UX, activity lifecycle management, and Material Design guidelines.
- Collaborated with senior developers in code reviews, writing clean and maintainable code and enhancing proficiency in building scalable, user-centric mobile apps.

### BrainyBeam Technologies Pvt. Ltd.

Ahmedabad, Gujarat, India

#### Graphic Design Intern

June 2024 – July 2024

- Mastered industry-standard design tools and creative workflows, contributing to real-world client projects from concept through final deliverable.
- Developed proficiency in visual communication, typography, and layout design — directly informing a design-first approach to frontend UI development.
- Executed end-to-end design projects under professional deadlines, building strong cross-functional collaboration and time-management skills.

## PROJECTS

### Responsive Business Website | HTML5, CSS3, JavaScript, React.js

2024

- Designed and developed a fully responsive multi-page business website with modern UI components, ensuring cross-device compatibility and optimal page load performance.
- Implemented dynamic, interactive elements using JavaScript and React.js component architecture, resulting in an engaging user experience.

### Android Mobile Application | Android SDK, Java/Kotlin

2025

- Developed a fully functional Android mobile application during internship, encompassing UI design, backend logic, and integration with external data sources.
- Applied Material Design guidelines to create an intuitive, accessible interface that adheres to Google's UX standards.

### Frontend Web Application | React.js, CSS3, JavaScript ES6+

2024 – 2025

- Built a single-page application (SPA) using React.js with reusable component architecture, state management, and responsive layout systems.
- Optimized application performance through lazy loading, code splitting, and efficient rendering techniques.

## EDUCATION

### K.D. Polytechnic

patan, Gujarat, India

#### Diploma in Computer Engineering

2023 – 2026

- Relevant Coursework: Data Structures, Web Technologies, OOP, Database Management, Software Engineering, Computer Networks.

## ACHIEVEMENTS & ACTIVITIES

**Dual Internship Experience:** Successfully completed two back-to-back industry internships at BrainyBeam Technologies — Android Development (2025) and Graphic Design (2024) — demonstrating fast learning ability and adaptability across disciplines.

**Self-Driven Learner:** Continuously exploring emerging technologies in frontend development, including React ecosystem tools, modern CSS frameworks, and progressive web app (PWA) development.

**Problem Solver:** Passionate about identifying real-world user pain points and engineering elegant, performant solutions through clean, maintainable code.
